"Life has no limitations, except the ones you make"

# Hello

My name is....

This is a personal offer from the DIVERT team and an opportunity to make positive change in your life.

We can start that process now, if that is something that YOU want to happen.

DIVERT is totally voluntary - it's your choice.

We are an award winning team operating across the Thames Valley.

Why not look at this as a unique chance to talk to one of our skilled team members? We won't let you down.

## What is DIVERT?

DIVERT is an independent intervention programme that operates in this police custody suite.

The DIVERT team members are custody intervention coaches and NOT police officers. Our conversations are completely confidential.

DIVERT will always remain independent of the current police investigation and any subsequent criminal charges. We can't and won't be able to talk about the circumstances of your arrest or why you're in police custody.

However, DIVERT has the ability to work with you whilst any criminal proceedings are in progress. We can start NOW!

## What can DIVERT Offer You?

We provide support and guidance to help your personal development. Our aims are to prevent you from re-offending through training and employment opportunities to move away from crime.

DIVERT is non-judgemental, we are interested in you and ready to listen.

It's worth a conversation?

If you think this is of interest, we need you to make a commitment to us. Turn this page to find out how your new chapter needs to begin.
